I convey my heartiest congratulations to Government Higher Secondary School, Mahadevpur, Namsai District for designing and hosting School website which is aimed to improve accessibility to key information and news for parents and students, set out statutory documents and showcase some amazing photography. I also believe that the website will be a useful source of information ranging from curriculum topics, terms dates, latest news and a calendar of events at the school.

In the technologically driven new world order and "New Normal" imposed by the current pandemic situation, information technology has a greater role to play in changing and strengthening the teaching learning process and dissemination of information. The new school website is a huge step forward, streamlining the way to convey information to parents and post the most current school schedule & notices.

I wish the entire school fraternity a huge success in it's endeavour.

R.K. Sharma
